IN THEIR WORDS

“

Starting with two studios with a combined advertising budget of \$3400 and now scaled to the efficient management of hundreds with \$200,000+ in monthly social media advertising. I'm excited for the continued growth of our brand with SocialMadeSimple by our side!"

”

*"With the launch of a new and innovative fitness franchise, we knew social media would be the most important lead source for our membership sales. Our target membership demographic is heavily present on Facebook and Instagram and as the brand continued to grow, we identified the need for a partnership with an **experienced marketing agency** that focused heavily on social media.*

*Our goal in finding a partner was to have this partner **manage the social media marketing and advertising efforts of each studio location** with their knowledge and expertise, collaborate with corporate executives who have knowledge and insight on the brand and business operations, while also working directly with our franchisees to establish a local presence through social media and optimize the performance of their studio's advertising. **We found this and more with SocialMadeSimple.***

*From the very first conversation to our weekly meeting yesterday, **we've come to consider SocialMadeSimple as part of our team.** My close communication with our Account Manager and the exceptional service and support they provide to our franchise locations has been integral in the success of this partnership. **Together we celebrate in our achievements** and are always committed to working together to overcome any challenges. It's incredible to look back at how much we've accomplished after only one year, starting with two studios with a combined advertising budget of \$3400 and now scaled to the efficient management of hundreds of studios with \$200,000+ in monthly social media advertising. **I'm excited for the continued growth of our brand with SocialMadeSimple by our side!"***
